

THE BIG WHEEL 1966

DEDICATION

The yearbook staff dedicates this issue of The Big Wheel to the Grade Nine Class of 1965-1966. You are the first students who have received your junior high school education entirely at Hillcrest. We know that you will do honour to our school and our community in the years ahead. It is hoped that this yearbook will help you recall your many experiences at the "Big Wheel".

Ben Hujek

Editor

STUDENT PRESIDENT'S MESSAGE

It is with a great deal of pride and humility that I bring this message to the student body of Hillcrest Junior High. Pride in our school, and humility for having been elected as its third president.

Three years ago, when Hillcrest was officially opened, it was considered a controversial experiment for both students and teachers. So it was in that first year that I came to "our" school as a student. Now the experiment has been proven a success - a model for other schools to follow. This success is largely due not only to the physical aspects of the school, but also to the staff and teacher-student co-operation. Just being a small part of this gives one a feeling of satisfaction.

Student activities such as Ranch Leagues, Inter-school Athletics, clubs, school socials, and many others have helped to generate a high calibre of school spirit that is an example to all.

In the field of academic standards, Hillcrest also ranks high. In the first year of operation, a Hillcrest student won the Governor General's Medal. Every year we have many students receiving honour awards for achievement in the Departmental Examinations.

This year I will be graduating with the class that spent the first three years in our school. I know I will be taking with me many fond memories and sound background for my high school years.

In closing, I hope that "The Wheel" rolls on to greater heights in the years ahead.

Val Warhaft

PRINCIPAL'S MESSAGE

"By intelligence we mean a style of life, a way of behaving in various situations, particularly in strange situations. The true test of intelligence is not how much we know how to do, but how we behave when we don't know what to do."

Today we are entering an exciting pioneer age; a pioneer age in education. A door is opening on a new era of thought and action, where individual worth is to be measured in the light of man's humanity to man and by man's contribution to society.

You young men and women of Hillcrest Junior High School - you young men and women have a tough world to lead - you have to open wide the doors of education to every student in such a way so that the ability to think, to take responsibility, and the use of common sense will be more a part of the educational process than ever before. You have to think clearly, deeply and honestly. If you have a mission in life you will find a world full of color around you.

William J. Kenfas

CURLING

Many students participated in this year's curling activities. Curling was conducted at the Hillcrest Country Club, and was ably directed by Mr. Hancheruk. High-point of the year was the Jr. High Bonspeil. Our school entered five rinks. The Kredentser Rink, LEFT TO RIGHT: Barry Anderson, Jim Reith, Wayne Foster, and Jeremy Kredentser, lost in the finals.

CANDID SHOTS
